Why Join MTA Retired?

For public education

We devoted our working lives to our students, from pre-K through higher education, from rural towns to urban centers. But retirement doesn't mean we've stopped caring. MTA retirees continue to have a voice and make a difference. We have been a powerful force in statewide campaigns to defeat charter school expansion and to support passage of the *Student Opportunity Act* and Fair Share Amendment.

Our knowledge holds weight. Belonging to MTA Retired offers an opportunity to testify locally and at the State House to impact the passage of critical legislation that affects public education and improve the COLA for retirees. We are part of coordinated efforts to support pro-public education candidates seeking offices from school committees to the U.S. Senate. Through NEA, we are committed to removing the unjust provisions of the Windfall Elimination Provision and the Government Pension Offset.

Energetic retirees have built the Wisdom Warrior program that provides support to active members, sometimes returning to the same locals where we were educators. We stand with our active sisters and brothers as they fight for better contracts and benefits, oppose bullying supervisors, and demand recognition of contributions made by Education Support Professionals.

For our union

We are proud to be members of the largest union in Massachusetts. We share our organization's commitment to be a member-driven democracy characterized by transparency and activism. We are retired but robust. We are committed to joining the union's journey toward racial and social justice. Retirees not only serve on the Retired Members Committee but also as delegates to the Annual Meeting and as representatives on the Board of Directors. We stand united with our active colleagues to build the union our members deserve.

For yourself

Continued membership in MTA gives us a sense of belonging and pride. Even as we contended with the COVID-19 pandemic, we built opportunities to see our friends at Retired Gatherings, Spring Brunches and summer retreats. We have the satisfaction of continuing a lifetime commitment to our students and ensuring a better tomorrow for future generations. And we have continued access to money-saving programs and services through MTA Benefits and NEA Member Benefits. By using your MTA membership card, you can stretch your pension with the many discount programs on the reverse of this brochure!

MTA members can have a free appointment with a retirement consultant, available at six locations throughout Massachusetts. Call 617.878.8240.
